Finding 75mm Nordic Norm Telemark Boot Center

1. Find and mark the Pin-Line on the front of your boot.

Pin-Line is located 14mm back from the boot toe, or centered between the two outside pin holes. Make your mark on the side of the duckbill.

2. Measure from the Pin-line to the back of the boot heel.

Divide this measurement by two, then find the corresponding measurement and mark the boot center on the side of the boot sole.

*Voilé recommends an authorized dealer for all binding mounts.

**Voilé strongly recommends that all binding manufacturers suggested guidelines and instructions are followed.
